ABOUT US

Jolly Technologies is recognized as a world leader in developing identification and tracking software applications.

Every day prestigious companies across all industries, in more than 120 countries, enjoy the advantages of our innovative, premier solutions.

Jolly is committed to enhancing our customers' productivity with best-in-class business process software solutions that are exceptionally powerful, customizable to your environment, and remarkably easy to use.

WHY LABEL FLOW ?

Real Time Records

Across multiple sites or systems you'll always have the most up-to-date database information.

Custom Label Design

Find your label format in our template library of more than 2,500 formats or create a custom label format of any size and shape.

Advanced Barcoding Technology

Add one of more than 20 industry standard barcodes with extensive rendering options to ensure a reliable scan every time.

Complete Flexibility

You take control with a fully customizable data entry interface. Custom field integration is just a click away.
